Canada North Environmental Services

## **Intermediate Hydrologist (Full-Time)**

Looking for a challenge? Want to work on exciting projects covering a wide variety of sectors across the province of Saskatchewan? Then CanNorth is where you want to work!

Canada North Environmental Services (CanNorth) is an established First Nation-owned environmental services firm with an impeccable track record and a highly respected reputation. CanNorth has a strong foundation and proven expertise in environmental assessments and environmental monitoring and is looking to increase its capacity in its Hydrology Division.

CanNorth is seeking a highly motivated hydrologist to work with our talented and innovative multidisciplinary team in Saskatoon, Saskatchewan. Responsibilities in this position will include:

- Leading hydrological field surveys (tasks to include conducting flow measurements, completing bathymetric surveys, surveying, and installing and downloading remote hydrological and meteorological monitoring equipment) for a variety of projects types including baseline studies, Environmental Impact Assessments, Environmental Monitoring Programs, and others
- Completing hydrological data management and analysis
- Leading groundwater sampling programs
- Preparation of technical reports
- Assisting with field equipment maintenance
- Liaising with clients and contractors in a professional manner
- Working with First Nations and regulatory agencies

Applicants should have a degree related to hydrology and good knowledge of water resources in western Canada as well as techniques used to measure and model water resources. A minimum of three years of relevant experience in a consulting environment or related industry is desired. Experience in conducting hydrological surface water modelling will be considered an asset. The candidate must have superior written and verbal communication skills, be dedicated to high quality results, and use their creative thinking to find solutions to complex problems. The successful applicant must be a team player, highly motivated and organized, able to work with a range of personalities, and have a positive attitude. Applicants must have a valid driver's license. This position entails a substantial amount of field work; thus, applicants must be willing/able to be away for extended periods of time. Field work will regularly require working in rugged terrain; strong outdoor skills, experience working in remote areas, and experience operating trucks with loaded trailers, ATV's, boats, and snowmobiles is an asset.

CanNorth offers competitive wages, excellent benefits, and a modern office with employee-oriented facilities. Interested candidates are requested to mail, fax, or e-mail resumes by November 1<sup>st</sup>, 2024 to the address below. Qualified Indigenous professionals are encouraged to apply. CanNorth is proudly 100% Indigenous-owned.

Thank you to all who apply; only applicants who have been shortlisted will be contacted.
